

Amendments to the Drawings:

The attached sheet of drawings includes changes to Fig. 1. The attached sheet replaces the original sheet including Fig. 1. In Fig. 1, portions of the stripper belt in the regions of grippers 13 have been deleted to indicate that the path of the stripper belt passes beneath the grippers 13. In addition, previously omitted reference numbers 18-22, pointing to additional stripper belts, have been added. Finally, the stripper belts 18-22 have been extended beyond stripper roller 16 so as to more clearly indicate that only a portion of the additional stripper belts 18-22 is being shown in Fig. 1.

Attachment: Replacement Sheet
